

CALLS WILLIAM WAR BARBARIAN

Jean Baptiste Bourdis Wills
Half Million Francs for Relief French Soldiers.

New York, Jan. 4.—Reference to Emperor William of Germany as "the barbarian who criminally caused the war" was made by Jean Baptiste Bourdis, of the former silk firm of J. Bourdis & Co., of this city, in his will, just filed. A bequest of 500,000 francs was provided for "institutions under the control of the French government for the relief of the severely crippled French soldiers, victims of the criminal war imposed by one man for the satisfaction of his own ambitions."

UNITED SHOE MACHINERY COMPANY FILES BRIEF

Washington, Jan. 4.—The United Shoe Machinery company yesterday filed briefs in the supreme court in the government's dissolution suit, which was set for reargument Monday. The government has asked the court to continue the shoe machinery case and other pending antitrust suits until the next term, owing to the war, and this was agreed to in all cases except the shoe company and the steel corporation. Decision as to postponing these cases is expected tomorrow.

SARDINIA RELIEVED BY AMERICAN RED CROSS

Washington, Jan. 4.—The American Red Cross has carried the first relief from this country to Sardinia. A cablegram from Rome yesterday said Capt. Carroll and J. P. Stevens, representing the Red Cross, arrived at Sardinia Dec. 17 and made a motor trip through the island. They were greeted everywhere with enthusiasm. Capt. Carroll and Stevens reported the spirit of the Sardinian people excellent. Everywhere they heard expressions of gratitude to America, and after their return to Rome, they received a telegram from the Sardinian authorities thanking them for relief already supplied.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Before the arrival of baby knowing women for over half a century have used with regularly the time-honored preparation, Mother's Friend. Here is a most wonderful application for the abdomen and breasts. It penetrates the muscles, ligaments and tissues, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious weeks of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and its use brings rest, repose and happy anticipation. By the regular use of Mother's Friend during the period the muscles expand easier when baby arrives, and naturally the pain and danger at the crisis is less. Mother's Friend is prepared after the formula of a noted family doctor by the Bradford Regulator Co., A-174 Lamar Bldg., Atlanta, Ga. It is for external use only; is absolutely and entirely safe and wonderfully effective. Write them for their instructive and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written just what every woman wants to know and will be a splendid little text book of guidance, not only for yourself but will make you helpful to others, and in the meantime obtain a bottle of Mother's Friend from the druggist, and thus fortify yourself against pain and discomfort.—(Adv.)

REMARKABLE MEDICINAL DEPOSIT DISCOVERED MAKES POSSIBLE NEW TREATMENT OF DISEASE

Product of Natural Deposit of Nature's Highly Concentrated and Costing Less, Acclaimed Remarkable and Quick Remedy for Blood, Stomach, Kidney Complaints

RHEUMATIC AND URIC ACID TROUBLES THEIR SYMPTOMS AND NEW REMEDY

Blood Choked With Uric Acid and Other Poisons Cause of Untold Pain and Suffering. Many People Weak, Puny, Palid and Anaemic Need This Natural Iron Product.

Product of Natural Iron Deposit Cheapest, Best Yet. Non-Alcoholic.

If the reader is among those thousands troubled with faulty kidneys or impure, uric acid poisoned blood, pains in small of back, which make stooping or bending painful. With shoulders that ache and arms and muscles that ache and become swollen and cause such trouble in damp, "rheumatic weather." If the reader has all those various symptoms that denote blood and kidney ailments, the following information will be of real everlasting service:

External applications will never drive out the cause of these pains and swellings. It is in the blood and most often is ascribed to uric acid. Drive out these poisons from the blood. Help the kidneys back to normal so that nature herself may keep these poisons out through the proper functioning of the kidneys.

Iron is the remedy, but there are different kinds of iron. Even the old "metallic" iron seemed to drive out poisons and enrich the blood, and now that a natural deposit of real medicinal iron has been discovered and tested, no one should hesitate a minute before seeking relief. Rich red blood is impossible without iron. The system demands it. You do not have to take it heavily coated in pill form to avoid ruining teeth. You don't need a glass tube to take nature's product. It comes in a highly concentrated liquid state, easily assimilated by the system, non-injurious and from two to ten times more powerful than weaker, alcoholic iron preparations of the chemists.

Just a few drops in a glass of water makes a dose. It is cheaper, stronger, much better, for Acid Iron Mineral is good alike for stomach, blood, digestion and kidneys, as proven by the thousands of tests during the past many years this preparation has been put up under the "A-I-M" trade-mark for doctors, hospitals and the public generally. Sold only in original bottles. The Ferrodine Chemical Corporation trade-mark protects you.

THIS FLORIDA MAN SAYS "A-I-M" IS WONDERFUL

Suffered a Long While With Rheumatism, Indigestion, Liver and Kidney Troubles, He Says.

IS ANOTHER OF MANY WHO SAY, "IT CURED ME."

"I suffered so with rheumatism, indigestion and kidney troubles I lost flesh and felt so poor and scrawny I didn't know what to do for myself," declared K. D. Flemming, of Lake City, Fla., just a few days ago.

"That was years ago, but since I found out about Acid Iron Mineral and took it, I haven't been troubled. I started taking on flesh and weight almost at once, and soon I was able to eat anything and everything I wanted, and my kidneys, liver and indigestion seemed to be working just fine. My rheumatism disappeared, and though that was a long time ago, I haven't been troubled since." Keep Acid Iron Mineral around the house, though.

CHEMICAL ANALYSIS OF "A-I-M"

The following extract from a nationally known chemist's analysis of Acid Iron Mineral just as taken from a standard bottle shows it to contain elements of real, not imaginary, merit. To learn whether or not it is good for you, tear off the name, then ask your doctor if such a preparation has merit. Ask a chemist if he can make Acid Iron Mineral. Like gold and other nature secrets, it is inimitable.

TOOK IT YEARS AGO; NEVER BEEN TROUBLED SINCE

Says This Natural Iron Remedy Absolutely Cured Him of Indigestion, Colic and Kidney Troubles.

Nature did great things for people when she stored away the remarkable medicinal iron, mineral deposit from which Acid Iron Mineral is extracted, concentrated and now sold in family-size bottles for home use under the famous "A-I-M" trade-mark of the Ferrodine Chemical Corporation, which for thirty-four years has stood for merit and quality in medicine.

Read what this Greenville, S. C., man says: "I suffered with indigestion, colic and kidney trouble for a long time. I couldn't eat vegetables or any fruit without suffering. I could not sleep at night after eating vegetables and my kidneys bothered me so much. My back was always hurting me, and then one day a friend told me about Acid Iron Mineral, and after taking it a little while I noticed a big difference. After taking a 50-cent bottle I was completely well and have never taken anything since, and that was two years ago. I can eat anything I want and never be troubled with it. The old pains and lameness in my back are gone, too, because Acid Iron Mineral absolutely cured me," declares H. A. Burdett, a cotton mill man of Greenville, S. C.

Take a look at the analysis of Acid Iron Mineral on this page. It is probably the first time you ever saw any one telling exactly what and how much of each element their remedy contained. We are not afraid of imitation, for this wonder of nature's is inimitable. Chemists have tried to mix these medicinal elements together and failed. There isn't a drop of alcohol to injure the kidneys or counteract the benefits of the iron. Ask any doctor if such a mixture is good for blood, digestion, kidneys, stomach and liver! Then get a bottle of your druggist.

and wouldn't be without it. It cured me. In the old days I wasn't able to eat anything nights before going to bed, but I can eat any old time now and never bother about my stomach. It is the best for indigestion, stomach, liver, kidneys and rheumatic troubles, and I gladly recommend it," enthusiastically declared this well-known farmer, 318 R. R. St., Lake City, Fla.

If the blood and system generally are out of order and clogged with poisons, uric acids, etc., take a bottle of Acid Iron Mineral home with you tonight. Since the discovery of the wonderful mineral deposit of which this is the highly concentrated product doctors and people in all walks of life have been astounded at its efficiency. Nature seems to have stored this great gift for these very troubles, and being so strong and powerful as put up by the Ferrodine Chemical Corporation, of Roanoke, Va., a few drops mixed in a glass of water makes a dose. This makes it a cheaper tonic, blood and stomach remedy and whole families may take it to enrich, purify and make the rich red blood we all need in winter time for rosy, clear complexions, hearty appetites, sound health.

The full report of a nationally known chemist will be sent anyone upon request, including postage for reply.

Analysis Proves It Is Nature's Own Combination of Elements Prescribed by Physicians For Many Years.

Read What Test Proves:

The entire world is interested in the discovery of Acid Iron Mineral, which was stored away for centuries by nature in the earth, surrounded by a protecting cover of marble-like rock and clay.

A wonderful deposit of medicinal iron mineral, containing iron in great strength which thousands of tests prove is easily assimilated by the human system.

For years medical circles have known the value of iron as a blood cleaner, enricher and system tonic. The chief trouble has been to get the old forms of iron to the blood without injury to teeth, stomach and bowels, for the iron of which "Tincture of Iron" is made contains so much acid it was dangerous taken internally, but now that this strange, remarkable discovery of nature's great gift to mankind we have a discovery as great as has been made in many years. Like other wonders of nature and like gold, radium, platinum and other precious gifts, Acid Iron Mineral can not be imitated by the chemist successfully.

The analysis of this remarkable compound of nature's as concentrated, tested and bottled under the famous "A-I-M" trade-mark of the Ferrodine Chemical Corporation, is shown elsewhere on this page.

As a quick, trustworthy remedy for ailments due to the blood, or poisons within the blood, we know of nothing so far discovered to equal Acid Iron Mineral. Its effect upon the digestion and strength is almost instantly felt.

Anyone troubled with stomach, blood, digestion, kidney or allied complaints may wisely start taking it. It is put up so strong a few drops in a glass of water makes a splendid dose to cleanse the blood, drive out the poisons, enrich and purify it and as a tonic people who have used it acclaim it marvelous. The analysis proves it contains the very elements physicians have prescribed for years, and best of all, nature did not need to mix dangerous alcohol with it. There is no "base" or narcotic in it to injure a contract, or cause it to become a habit-forming medicine. We have in Acid Iron Mineral a natural, highly concentrated medicinal iron compound, costing less, more powerful and better for the system.

No one needs to be ashamed of taking iron. It is not a patent medicine. It has no booze in it. No wonder that in the North where it is well known people often have a few drops sprinkled in their fountain drinks. Whole families serve it, a few drops in each glass of water served at meal time. Every man, woman and child may take it with beneficial results, for we all need more or less iron, richer, redder blood, better complexions, relief from uric acid, digestion and kidney troubles. Let tomorrow be a newer, brighter day. Start taking it. See how delightful, how unusual, absolutely different it is to take than medicine. Just pour a drop or two in your glass of milk. Old and young delight in its strengthening blood-cleansing, powerful tonic effects. Get a bottle today. One need not be sick to take it. We all need iron. Some of course, should take it longer than others, but taking it a little while for improved health will hurt no one. The cost is ridiculous in comparison to the benefits which may be derived almost from the very first dose.

DOCTORS ACCLAIM "BOTH OF US CURED OF PELLAGRA AND RHEUMATISM"

Astonishing Power of Product From Great Mineral Deposit Builds Up Nervous, Broken-Down Men and Women.

ANYONE MAY TAKE IT.

Eminent doctors have stated it is astounding that the blood test of most sick people will show the lack of iron and an astonishingly large number are weak, half-sick and anaemic for no other reason than the lack of iron. Now that it may be easily taken in liquid form, easily assimilated through the discovery and compounding of this great medicinal deposit of nature's no one should hesitate a minute seeking the relief and upbuilding of the system.

For years people have rightfully objected to taking "metallic iron" (tincture of iron, etc.), because in this we often ruined teeth, injured stomach and caused constipation. Many refused to take it in an alcoholic mixture, such as beef, iron and wine, feeling that the injurious effect of too much alcohol might truthfully overcome the benefits and advantages of the iron. As many others refused to take iron in tablet form, fearing it was hardly possible for the system to assimilate it in this way as some prominent authorities discourage the taking into the stomach of this iron in any form or manner.

Now, however, thousands of tests have demonstrated that the product of the great Acid Iron Mineral deposit may be taken internally with absolute confidence. The analysis proves it, too. The system readily assimilates Acid Iron Mineral and its non-injurious effect upon the teeth is attested by the fact that dentists often use it for stopping profuse bleeding when extracting teeth and for sore, bleeding gums.

Not only is the effect upon the blood speedy but an increase in appetite, a betterment of digestion and improvement in action of kidneys and liver may be detected almost at once, according to innumerable tests. In fact, as a tonic, nature has proved a wonderful medicine in this product which, filtered, tested and bottled under the "A-I-M" trade-mark, assures full strength and quality.

A note of warning: Several companies have attempted to market weaker, less efficient preparations of late, claiming their product to be as good as Acid Iron Mineral. Such a thing is possible, perhaps, but so far we know of no natural iron product testing as high or containing the same medicinal elements as Acid Iron Mineral. We suggest that you insist upon seeing the "A-I-M" trade-mark on bottle and carton. We especially refer to a party of Columbus, Ga., who puts up what they called "Acid Iron Mineral." Years ago the owner promised us to abandon such infringement, but even now our salesmen report a few bottles of "Bakely's Acid Iron Mineral" on druggists' shelves.

TAX COLLECTOR INDORSES "A-I-M"

Says He Wants to Pass the Glad Tidings Along About Acid Iron Mineral.

SAYS IT'S FINE FOR KIDNEYS, BLADDER AND INDIGESTION.

B. F. Norman, City Tax Collector and City Marshal of Winter Haven, Fla., writes that he suffered from kidney and bladder troubles. Had a very poor digestion and, in fact, at times his food would not digest at all, which caused him a great deal of suffering.

"I had to go to considerable trouble and expense, too, before I found the right remedy," declares Mr. Norman. "I had severe pains in and around my kidneys and in my bladder, and would be aroused several times during the night. Sometimes I would have to get up as often as eight or nine times in a night. Folks who had been greatly relieved by Acid Iron Mineral recommended it to me, and since using it myself, the pains in my kidneys and bladder have eased and I sleep well instead of being aroused every hour or two as before. My digestion was improved and I can eat anything I want to without the ill effects from indigestion and sour stomach that used to cause me so much suffering."

"It did me so much good, and I know so well it will benefit others suffering as I was, I gladly recommend it and want you to pass the glad tidings along to others who need a great family remedy at a small cost." Signed, B. F. Norman, City Tax Collector and City Marshal, Winter Haven, Fla.

Authorities state that due to faulty action of kidneys which nature intends to filter the blood, improperly filtered by these failing or faltering organs, the kidneys. One should promptly remedy the trouble. If permitted to go on it may lead to fatal Bright's disease, which occurs when the kidneys stop functioning entirely. Get a bottle of Acid Iron Mineral, take it regularly, a few drops in a glass of water after each meal, and see what a big improvement it may accomplish in your health.

Remarkable Statement of Memphis Lady Shows Powerful Effect of "A-I-M" Has on Blood.

Read This Statement:

"I suffered from rheumatism, kidney trouble and a little from indigestion for twenty years, and at times, especially in damp weather, I was so stiff and rheumatic I could not get my hands above my head. Then about a year ago both my son and myself broke out with pellagra, and I feared the worst. We started in taking 'A-I-M,' and after using it for four months we were both cured of all our complaints, and I feel just as well as I ever did," declared Mrs. Jane Gray, Station G, South Memphis, Tenn.

Continuing her statement, she said: "It was elated and so enthused over what Acid Iron Mineral did for us I took a lot of it to Arkansas to some of my people there who were troubled the same way, and they are perfectly satisfied with it. They, too, endorse it," continued this lady, who through the steady use of Acid Iron Mineral wrought wondrous changes apparently in the short four months mentioned in her blood.

Blood diseases—blood troubles—are dangerous. The strength is sapped away and one can not possibly be at their best when blood is poisoned, thin and impoverished. Blood troubles about Acid Iron Mineral is that no one need be ashamed of taking it. Your doctor will tell you the analysis printed on this page proves it a good remedy. It is nature's gift to medical science. I never have any more of these troubles. Like radium, gold and other mysteries of nature, it so far can not be duplicated by chemists.

In the North, where it is well-known and people know what the famous "A-I-M" trade-mark of the Ferrodine Chemical Corporation has stood for these past thirty years, people take this iron in their fountain drinks. Even put a few drops in their coffee. It mixes fine in milk. Families often take a few drops in every glass of water they drink. It is finer, stronger, better for you. Get a bottle. A twelve-ounce bottle goes a long ways. Just a few drops makes a dose.

HOW IT WORKS ON RHEUMATISM

Man Tells How After Three Years' Suffering Took A-I-M And Gained Relief.

"I suffered from rheumatism pains in my joints and especially in my knees for about three years before finding out about your medicine, 'A-I-M,' writes another hearty endorser of this remarkable product of nature.

"After using five bottles," continues Mr. T. B. Hamrick, of Bernardstown, N. C., "I was completely cured and have had no symptoms of the disease return since. I never have any swellings, either, like I used to, and I recommend it to others with rheumatism, because I used it myself and know it cured me." continued this prominent farmer.

Surely the effect of Acid Iron Mineral is wonderful on the blood. The testimony of thousands proves it. It is more powerful, cheaper and better for you than a twelve-ounce bottle goes from two to ten times as far as weaker prepared preparations containing iron as the chief medicinal element.

RHEUMATISM SO BAD, THOUGHT HE WAS GONE

Wife Says His Suffering Was Awful. Pains in Back and Leg Kept Him Confined to Room.

Tried Everything He or Friends Could Think of to No Avail.

"A-I-M" BROUGHT RELIEF. "My husband suffered with rheumatism and sciatica for about one year so awful that I just can't tell how awful it was. I was a doctor to tend him, but nothing but morphine could ease him. Then he broke out with boils and sores which itched him so bad he would feel like scratching the flesh from the bone. I thought sure he would die. Then I got him a bottle of Acid Iron Mineral and he got well. It cured him, and you can see how glad I am. I wish I could tell you more about it," writes Mrs. A. B. Williams, Charlotte, C. H., Va.

What Husband Says. "I suffered for two years and was confined to my room for three months with rheumatism. I tried everything I and my friends could get but it looked like I was done with work and business for the balance of my days. I am 63 years old and I almost gave up hope, but I took a bottle of Acid Iron Mineral and it did me so much good I took two more, and now I am as well as I ever was, and the pains and rheumatism have gone entirely. I feel that I owe a big debt of gratitude to you gentlemen for producing this wonderful remedy which drove out those awful pains in the small of my back and in my left leg. I highly recommend it to everybody." Signed, A. B. Williams, Carpenter, Charlotte Courthouse, Va.

The joint testimony of husband and wife above surely proves the wonderful effect Acid Iron Mineral has upon the blood. The slogan is "drive out the poisons and uric acids." Tone up and strengthen the system and rid yourself with this remarkable natural iron product of those pains, swellings, aches and agony. Clear up the complexion. Make yourself strong and well once more. Old people are hard to restore, but "A-I-M" has done it. Get a twelve-ounce bottle right now. (Advertisement.)
